

Cara meng-install indikator Trading Assistant

Persyaratan adalah memiliki akun tradingview.com, versi gratis tidak apa-apa.

Cara Install setelah memiliki akun tradingview.com:

1. Login ke akun tradingview
2. Masuk ke <https://tradingview.com/pine> tampilan akan seperti dibawah ini:

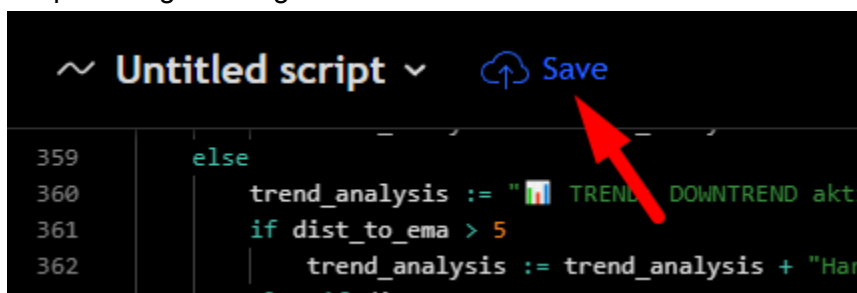

```
1 // This Pine Script® code is subject to the terms of the Mozilla Public License
2 // © henri_bizlab
3
4 //@version=6
5 indicator("My script")
6 plot(close)
7
```

3. Hapus semua baris 1-6
4. Kemudian tempel dengan script yang berada di file trading assistant.txt, sehingga tampak seperti dibawah ini:

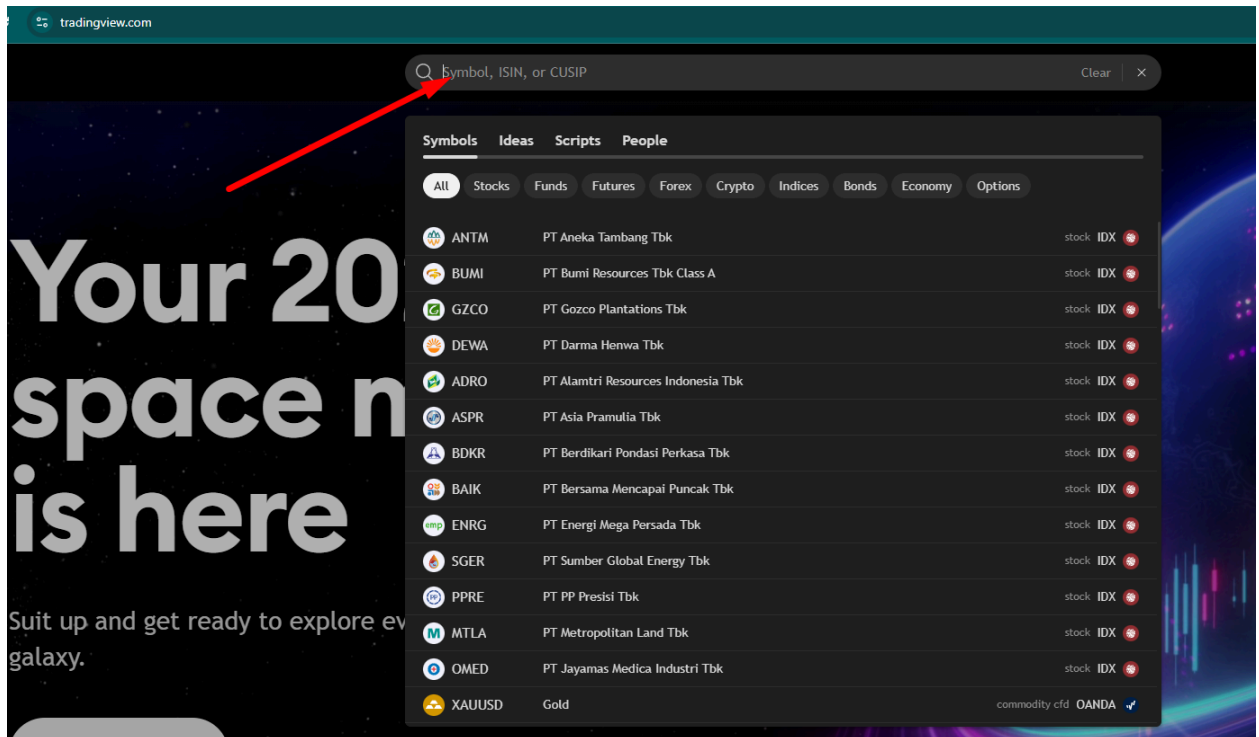

```
~ Untitled script v Save

359 else
360     trend_analysis := "TREND: DOWNTREND aktif. "
361     if dist_to_ema > 5
362         trend_analysis := trend_analysis + "Harga JAUH di bawah EMA (" + str.tostring(dist_to_ema, "#.#") + "%) - trend bearish kuat."
363     else if dist_to_ema > 2
364         trend_analysis := trend_analysis + "Harga di bawah EMA (" + str.tostring(dist_to_ema, "#.#") + "%) - trend bearish normal."
365     else
366         trend_analysis := trend_analysis + "Harga sangat dekat EMA (" + str.tostring(dist_to_ema, "#.#") + "%) - potensi reversal."
367
368 // --- REKOMENDASI TRADING ---
369 string trading_recommendation = ""
